Total 10,000 circulars for \$25 net cash with order.

Don't waste your time and money with worthless dime and dollar plans that promise to make you rich in the Mail Order Business. Any intelligent person knows that a real honest-to-goodness business cannot be started on a dime or a dollar. Get the above 10,000 pieces of printed matter, start a real business and sell real merchandise. Mail this printed matter out to real live names or advertise a leader in Big Sunday papers and you will soon have a real business coming your way. Don't think you can start a real big business on a 5 or 10 dollar bill.

Don't think that you can buy a single thousand circulars and mail them out and make big money. It cannot be done. Send several circulars or proposition all in one envelope for one postage cost. Then you cut down postage overhead and at the same time place several offers before the same person. You can see you have greater chances to get an order than if you only send one kind of circular. The above outfit is the very smallest we recommend starting with.
