To The Klo Hann Community
Objection to Hugo Ostwald

1st I heard him take an
open stand for Germany
and against the United
States during the war.

2^d I have heard him
condemn our County Sheriff
for enforcing the prohibition
law. simply because it
raised our taxes, and
at the same time he
made a statement that
John Baker didn't
do any thing wrong in
going to Herbert Ostwald's
wife, that she is a fast
woman and any other
man would do the
same thing,

I have also heard
him profess infidelity
though that has been
several years ago.
