Office of  
IMPERIAL REPRESENTATIVE

P. O. BIN 120,  
CANON CITY, COLORADO

November 16th, 1928.

Mr. L. E. Jenkins,  
Kligrapp,  
Bayfield, Colorado.

Faithful and Esteemed Klansman:

You recently sent us a list of Kourier subscribers to check with the records in the Kourier Office. I have just received the following answer from that office:

"Attached hereto you will find list of Kourier subscribers sent in by your office, and which we have checked with our records. Those names which do not show a penciled check mark before them are not listed among our subscribers and we find that no registration cards have ever been received at these Headquarters for them. With the following exceptions the balance of the list check correctly with our records as to name and address, and we have noted opposite each the date of expiration which, in most cases is September, 1929.

IRA R WALLACE: Your list would indicate that his address is Bayfield, Colorado. Our mailing plate shows Durango, Colorado. Which is correct?

HOWARD G WILLIAMS: Our mailing plate gives his middle initial as Howard E. Williams.

DAVID L. DENTON: Our mailing plate gives his address as Bayfield, Colorado; your list shows his address as 915 Van Ness Ave., Tempe, Arizona. Which is correct?

J. P. ENDRES: We have a mailing plate which reads J. P. Enones. In your opinion is this one and the same party?"

Will you kindly check on the above and advise us?

Sincerely yours, In The  
Sacred Unfailing Bond.
