

**INVISIBLE EMPIRE
KNIGHTS OF THE KU KLUX KLAN
REALM OF COLORADO**

P. O. BOX 120

CANON CITY, COLO.
May 17th, 1926.

Mr. Clyde W. Akers,
Kligrapp,
Bayfield, Colorado.

Faithful and Esteemed Klansman:

Your letter of May 13th has arrived and we have noted its contents with pleasure. It is always happy information for us to know that our field men are doing good work. Both Mr. Unsell and Mr. Watrous are working faithfully all the time. It is gratifying to know that Bayfield put over the Kourier 100% for this paper will be an efficient means of propoganda for us.

Let me thank you for your personal letter to me and for your kind invitation to visit the Bayfield Klan and the San Juan Basin. This I am intending to do in the very near future. We had set up an itinerary tentatively for June, but inasmuch as Klansman Unsell and Watrous have been with you so recently, we have thought it advisable to postpone my visit for a few weeks. Therefore, I shall try to arrange to be with you a little later in the summer.

The most exciting part of your letter is that in which you referred to the proposed fishing excursion and the relaxation along your trout streams. This sound mighty good to me. You can be entirely certain that I will put this in my program.

I have been thinking of taking my family along on this trip. Could suitable accomodations be found in Bayfield for my wife and five children in case I should want them to stay there and rest while I make some of the surrounding towns. What about hotel accomodations, expense, etc., for rooms and board. If you can send me this information it will help me solve my problem.

My best regard to the Bayfield Klan, and tell them I am for them always.

Sincerely yours, In The
Sacred Unfailing Bond.

Fred. G. Arnold

GRAND DRAGON.
